## **Crook County Connect Where Need Meets Resources**

**What:** Crook County Connect is a one-day event that was formed out of a desire to match up people's needs with resources volunteered by local individuals and businesses.

**When:** Saturday, May 2, 2009, from 9:00 AM. to 3:00 PM.

**Where:** Crook County Connect will take place at the Crook County High School

**Why:** Crook County Connect aims to aid those affected by the current economic crisis- the homeless, low-income families, and needy individuals of Crook County, by providing free services to ease the hardship. Services are limited, provided on a first come first served basis and include emergent medical care, prescription assistance, car oil changes, basic veterinary care, basic home repair, employment training provided by the Employment Department, DHS Senior and Disabled resources, Mental Health resources and NeighborImpact Early Care and Education, and Housing and Emergency Services information and resources. Volunteers are still needed. Please contact Brandi Avery for more information.
