

LOW-INCOME HOUSEHOLD WATER ASSISTANCE PROGRAM (LIHWA)
LANDLORD/MANAGEMENT AUTHORIZATION FORM

The Low-Income Household Water Assistance (LIHWA) Program provides financial assistance to low-income households for maintaining water and wastewater service continuity by paying the arrearages on their utility account(s). For multifamily properties or parks operating on a master meter (more than one household to one water/wastewater meter), the account **must have arrearages** and **each qualified unit will be eligible to cover a proportionate share of the arrearages**.

Please complete this form to allow (agency) NEIGHBORIMPACT to access your utility account(s) to determine arrearages and make a LIHWA Payment. You may release the utility information for additional properties you manage, if applicable, on the following page.
